WHO WE ARE:

Youth Defence is Ireland's only pro-life organisation that is led and run by young people.

Whether we're students, nurses, brickies or teachers, we've one thing in common; we know that abortion is wrong. That's why we work to protect mothers and babies from being exploited and killed by the abortion industry.

Most of all, we believe that Ireland can be kept abortion-free. One person can make a difference, and that person can be you.

WHAT WE DO:

We are Ireland's most active pro-life group, and our campaigns reach people on many levels; on the streets, on college campuses, on the web, in schools and outside abortion referral agencies. We aim to provide real information on abortion, and to find new ways of getting that information to the public.

WHY:

We serve those who are the victims of abortion - a dead baby and a grieving mother. Every year 50 million children worldwide are murdered by abortion. 50 million little bodies are torn and crushed and then discarded as human refuse. 50 million human beings shown no mercy, granted no justice. You can help to prevent Ireland from adding to the worldwide sum of this suffering.

Youth Defence.
Because life is worth it.

JOIN YOUTH DEFENCE:

If you are one of the majority of Irish people who oppose abortion, then your action is needed to keep Ireland abortion-free. We'd love to have you on board. You'll meet other young people who've joined Youth Defence because we believe life is worth it.

The work of pro-life volunteers has kept Ireland abortion-free. But we need your help. We'd love to have your input into our projects and campaigns, roadshows and rallies. Get involved, and make a difference. Abortion uses the ultimate violence to answer social problems. There is always a better way - for mothers and for babies.
